

FLASHLIGHT · NOT A HOUSE

Your *\$30M* Map

The map that sold \$30M. This map helps you **see** your stage. It does not finish the work.

If another free PDF could move your stage, you would not still be in the same income band.

If you can see your level, you are already ahead of men still collecting tips.

What this map does: names the floor (Beginner · Master · Elite). Shows exit proof. Makes *one* problem clear.

What this map does not do: rebuild product, path, or sales. That is the install — under a standard. Wetube, then a 15-minute Fit Call with Eli Sol.

PROOF · \$30M+ sold · \$6M profit · 1,200+ clients · consulting vehicle only

Map shows the floor. Wetube installs the system.

Exit: Ads that pay

Your only job on this page: pick Beginner, Master, or Elite. Write it. Say it out loud. That is a promise to yourself — not a full fix. Naming the floor takes 60 seconds. Installing product, path, and sales under a standard does not fit in a PDF.

CLARITY · SCOREBOARD

Exit proof. *Yes or no.*

Useful truth only. No full plan. If the exit is not true, you are still on that floor. Write: My level is ____ · Date ____ · screenshot this page.

LEVEL	YOU ARE HERE IF	EXIT PROOF	TRUE?
LEVEL 1 BEGINNER	No clear product. No buyers yet.	First paid client	Y / N
MASTER	One product. You make every sale.	Repeat sales	Y / N
ELITE	You want ads + people to sell.	Ads that pay	Y / N

LEVEL 1
First paid client
Y · N

LEVEL 2
Repeat sales
Y · N

LEVEL 3
Ads that pay
Y · N

If you circled N – “I am working on it” is a story, not a system.

Tiny useful step (not the full fix): this week, only work the exit proof for your level. Stop every other “strategy.”

PAIN · COST OF THE WRONG FLOOR

The trap. *Busy is not progress.*

Every month on the wrong level is not neutral. It trains the wrong muscle. This problem gets worse while you wait.

WHAT FEELS SAFE

More content. New tools. Friends-only sales. Six “products.”
Another free PDF. Mentor shopping.

WHAT IT COSTS

Same income band. Same ceiling. Same hope. Twelve more months at the same band is not “building.” It is rent paid with hope.

COMMON WRONG MOVES

- Level 1 problems solved with Level 2 tactics (ads before a product people pay for).
- Level 2 problems solved with more content — no repeat sales, no same words.
- Level 3 dreams with Level 1 systems — you still make every sale yourself.

90-DAY COST

If exit proof is still N in 90 days, you did not “learn.” You stayed.

URGENCY · WHY ALONE FAILS

You cannot see the *system* you are inside.

System Blindness: running hard on the wrong constraint — and calling it progress.

A free map shows the rooms. It does not walk you through the one you are in every week.

More free advice often keeps you busy — not rich. Your suspicion was right.

ENEMIES OF THE INSTALL

Content buffet. Multi-vehicle fog. Peer masterminds with no consulting standard. “Just post more.” Twenty gurus. Zero weekly numbers.

WHAT TIME DOES

Every week alone is a vote for the old system. Delay feels calm. Compound wrong work is not calm later.

HONEST LINE

You are not lazy. You are in the wrong vehicle — or the right vehicle with no standard above you.

If you circled N and refuse another year of N, the only clean next step is a 15-minute Fit Call under one standard.

PRIZE · ONE INSTALLER

Map first. *Then Eli.*

Domino: This is the \$30M Map. Hard \$100k/month profit from one online consulting vehicle is the next number for men in this room. Content does not install a machine. This map only shows your stage. Wetube is how the machine gets installed. Therefore the next step is a 15-minute Fit Call with Eli Sol.

Next problem: you know the floor. You still need the install without a standard — product, path, sales, weekly numbers — under one standard that does not blink.

Wetube under Eli Sol — consulting only · 15-minute Fit Call · not a course · not a crowd · 20 seats max (the room is the product).

I do not need more tire-kickers. I need men who already named their floor and still feel the gap. If that is you — book. If not — keep the map.

MAP (FREE)

See the floor. Same for everyone. Unlimited. Incomplete by design.

WETUBE (ROOM)

Install the system. Selective. Room is the product.

You don't need more content. You need one standard — and a room that enforces it.

Individual outcomes depend on prior revenue, market, effort, and application. Not investment, tax, or legal advice. © 2026 ELIASSOL.COM · <https://www.eliassol.com/map> · <https://www.eliassol.com/wetube>
